

## Summary of Responses to Bd./Activity Chair Questionnaire Nov. 2022

### Summary of Responses in Red Below

Hi Activity Chairs and Board Members:

As you may know, Jo-Ann recently asked the two of us to take over the leadership of the Task Force, which was developed this year to review the challenges our Club faces as our numbers have grown to almost 400 in membership. As part of our facilitating this project, we are reaching out to our Activity Chairs and Board Members to get a current pulse of where we stand in three main areas. Please review the three challenge areas and send us a reply with how your activity is, or is not, impacted. Including your response right on our message in your reply allows you to respond right in the text. Replies are requested by **Friday, November 18**. Reply only to the two of us...Please do not "reply to all".
